INTRODUCTION

Sri Bharathi Filters is the filtration division of
Sri Bharathi Group of Companies. We are one of the leading manufacturer and supplier of sparkler pulp filter pads, filter papers, modular/lenticular filters, all types of membrane filter cartridges, filter capsules and other filter media for chemical, pharmaceutical, beverages, distillery and food industries.

VALUES WE BRING IN

- Highly customizable specification in terms of crucial aspects like fiber length, viscosity, moisture etc
- Use On-Demand approach to tailor the product based on your need to suite your requirements on:
  - Shape, Dimension & Specification
- Adhering to high quality standards
- Filter Pads are manufactured using
  - Wood / Cellulose / Hybrid Pulp
- Competitive pricing
- Offer 24x7 support
- Certified for usage in food and pharmaceutical industries

PRODUCT OFFERINGS

- Sparkler filter pads
- Pulp filter pads
- Filter papers
- High temperature filter pads
- Activated carbon filter pads
- Filter cartridges
  - Spun bonded
  - Wound
  - Stainless steel
  - Polypropylene pleated
  - PTFE
- Filter capsules
- Filter housing
  - Polypropylene
  - Stainless steel

MODULAR FILTERS

- Modular or Lenticular has larger surface area for effective filtration
- Provides better clarity to the filtered liquid/chemical
- Increased throughput (total volume of litres filtered) Improved filtration rate due to larger surface area
- Liquid filtration flow is multi-directional thus increases the flow rate
- The lenticular filter has support between individual pads for back-flush
- Excels in safety, hygiene, easy-handling and maintenance aspects
- Provides Hygiene and Safety during handling/fitting as the entire filter system is mounted as one piece.
- One stop solution for all types of liquids (chemicals, beverages and pharmaceutical)

FILTER PADS & PAPERS

We manufacture a wide range of filter papers & pads on a very highly sophisticated production plant. The entire process of manufacturing is untouched by hand from the pulping stage to the finished product stage.

CARBON PADS

Activated carbon filter pads eliminate the need of dumping loose carbon into a mixing tank, and then scraping the carbon off of a filter paper or cloth.

We offer its series in different flavour and are manufactured with various different grades of carbon, allowing to help optimize your filtration.

FILTER CARTRIDGES

Our filter cartridges are manufactured for the pharmaceutical & specialised chemical industry. They are made of premium quality parts to meet various pharmaceutical & chemical requirements. We follow strict manufacturing standards to ensure the filtration quality & safety of our products.
